

KHATEEB NAZEER ABDUL AZEEM

+91 7981573018 | knabdulazeem@gmail.com | [LinkedIn](#) | [GitHub](#)

CAREER OBJECTIVE

An enthusiastic IT fresher seeking an entry-level role to apply programming, problem-solving, and analytical skills while continuously learning new technologies and contributing to efficient, high-quality software solutions.

INTERNSHIP EXPERIENCE

Google Cloud Generative AI | Smart Bridge

Dec 2025 – Feb 2026

- Developed IntelliSQL: Intelligent SQL Querying with LLMs using Gemini Pro.
- Developed an LLM-based system to translate natural language queries into SQL using Gemini Pro.
- Automated SQL generation and execution on connected databases for real-time analytics.
- Presented query results in structured tables and visual charts via a Streamlit app.

AI & ML | Smart Bridge

May 2025 – July 2025

- Developed Pattern Sense: Classifying Fabric Patterns using Deep Learning.
- Collected, labelled, and preprocessed textile image datasets for model training.
- Implemented and trained CNN-based models to identify different fabric patterns.

PROJECTS

Pattern Sense: Classifying Fabric Patterns using Deep Learning

Technologies: Python, TensorFlow / Keras, CNN, OpenCV

- Designed a deep learning model to automatically classify fabric patterns from images.
- Performed image processing including resizing, normalization, and augmentation.
- Trained and tested CNN models to achieve reliable pattern recognition accuracy.
- Developed an end-to-end pipeline from data input to prediction output.

Smart Cursor: Vision-Based Virtual Mouse Using MideaPipe and OpenCV

Technologies: Python, MediaPipe, OpenCV, Computer Vision

- Developed a vision-based virtual mouse system that controls cursor movement using real-time hand-gesture recognition.
- Implemented hand tracking and landmark detection to map finger movements to on-screen cursor actions.
- Enabled gesture-based clicking, dragging, and scrolling without physical mouse hardware.

TECHNICAL SKILLS

- **Programming Languages:** C, Python, SQL, Java
- **Web Technologies:** HTML, CSS
- **Database:** MySQL
- **Tools:** VS Code, MS Excel, Word, Powerpoint
- **Soft Skills:** Problem Solving, Adaptability, Teamwork, Communication

EDUCATION

- **B. Tech in Computer Science (AI & ML)** | SVCE, Tirupati | *CGPA: 9.47 / 10.0 | 2022 - 2026*
- **Intermediate (MPC)** | Sri Chaitanya Junior College, Tirupati | *CGPA: 9.93 / 10.0 | 2020 - 2022*
- **SSC** | Akshara High School, Tirupati | *CGPA: 10.0/10.0 | 2019 – 2020*

CERTIFICATIONS

- AI Data Engineer Certification(NSQF Level 6) – NASSCOM IT- ITes SSC(NCVET), PMKVY.
- Completed the Introduction to Artificial Intelligence Course from Infosys Springboard.
- Certified upon successful completion of CCNA: Introduction to Networks course by Cisco.

ACHIEVEMENTS & AWARDS

- Participated in the “*Space Quiz*” competition organised by Sathish Dhawan Space Centre SHAR, ISRO, Sriharikota, under the theme “*Space & Climate Change*”.
- Won First Prize in the Kabaddi competition conducted on the occasion of Sports Day on 7th March 2020.

STRENGTHS

- Adaptability | Flexibility | Critical Thinking | Decision Making
